

SENIOR INVESTMENT ANALYST

- Healthcare Sector
- HK/China & Global Equities

Our client is a reputable fund management firm with a strong presence in the Greater China region. They are currently seeking for an outstanding Investment Analyst to join their dynamic team in Hong Kong.

Reporting to the CIO, your main task is to work closely with the investment team in managing the HK/China & Global equities portfolios with a focus on healthcare sector. You will play a part in developing the investment processes; making calls on buy and sell decisions of securities within the sector of coverage by conducting in-depth investment analysis and company research, based on fundamental bottom-up research.

To qualify, you should have an excellent academic background from a reputable university, with 7 – 12 years of experience as an investment analyst with asset management firm specializing on the Healthcare sector. Strong analytical, financial modeling and presentation skills are required. Fluency in English and Mandarin Chinese are a must.
